

# Beamer Example on Parts

Till Tantau

Fakultät für Elektrotechnik und Informatik  
Technical University of Berlin

19th April 2004

# Outline of Part I

- 1 Summary of the Previous Lecture
  - Topics
  - Learning Objectives

# Outline of Part II

- 2 The Model of Overhead-Free Computation
  - The Standard Model of Linear Space
  
- 3 Limitations of Overhead-Free Computation
  - Linear Space versus Overhead-Free Computation

# Outline of Part II

- 2 The Model of Overhead-Free Computation
  - The Standard Model of Linear Space
  
- 3 Limitations of Overhead-Free Computation
  - Linear Space versus Overhead-Free Computation

# Part I

## Review of Previous Lecture

This frame shows the topics treated in the last lecture.

- This
- and that.

This frame shows the topics treated in the last lecture.

- This
- and that.

This frame shows the last lecture's learning objectives.

- An objective.
- And another one.

This frame shows the last lecture's learning objectives.

- An objective.
- And another one.

## Part II

### Today's Lecture

- 2 The Model of Overhead-Free Computation
  - The Standard Model of Linear Space
  
- 3 Limitations of Overhead-Free Computation
  - Linear Space versus Overhead-Free Computation

A frame.

- 2 The Model of Overhead-Free Computation
  - The Standard Model of Linear Space
- 3 Limitations of Overhead-Free Computation
  - Linear Space versus Overhead-Free Computation

A frame.
